My dear Sir:—

Your answer to my request to have little medal sent out to Western New York to a pretty, bright little girl, is read, and I am agreeably surprised. The little girl might as well be called an orphan for she is being adopted and I take an interest in her. So you see your kind act will brighten up a little face which has already known sorrow. Have written to her to-day and explained matters. I know she will keep that little medal as long as she can and prize it. Many thanks

Yours Truly M. L. Hinton
